## HAMAMELIDIS TINCTURA

### SECTION 1: IDENTIFICATION OF THE SUBSTANCE/MIXTURE AND OF THE COMPANY/UNDERTAKING

#### 1.1 Product identifier

Product name: Witch hazel tincture  
Hamamelidis tinctura  
Hamamelistinctuur  
Teinture d'hamamélis  
Hamamel Tinktur

N° CAS: N/A

N° EC: N/A

#### 1.2 Relevant identified uses of the substance/mixture and uses advised against

Identified uses: Active Pharmaceutical Ingredient or Excipient.

#### 1.3 Details of the supplier of the safety data sheet

Company: FRAVER NV  
Keizershoek 336  
2550 Kontich  
Belgium

Telephone: (+32) (0)3 457 11 76

Email: info@magis-pharma.be

Web page: www.magis-pharma.be

#### 1.4 Emergency telephone number

|                            |                         |                          |
|----------------------------|-------------------------|--------------------------|
| Public utility foundation: | Belgisch Antigifcentrum | Centre Antipoisons Belge |
| Telephone:                 | (+32) (0)70 245 245     | (Service 24/7)           |
| Web page:                  | www.antigifcentrum.be   | www.centreantipoisons.be |

### SECTION 2: HAZARDS IDENTIFICATION

#### 2.1 Classification of the substance/mixture

##### Classification according to (EC) n° 1272/2008

|              |      |
|--------------|------|
| Flam. Liq. 3 | H226 |
| Eye Irrit. 2 | H319 |

#### 2.2 Label elements

##### Labelling according to (EC) n° 1272/2008

Hazard pictogram(s):

Signal word(s): Attention  
Flammable  
Irritant

Hazard statements:

|      |                                |
|------|--------------------------------|
| H226 | Flammable liquid and vapour.   |
| H319 | Causes serious eye irritation. |

Precautionary statements:

|      |                                                                   |
|------|-------------------------------------------------------------------|
| P210 | Keep away from heat/sparks/open flames/hot surfaces – No smoking. |
|------|-------------------------------------------------------------------|

## HAMAMELIDIS TINCTURA

Additional applicable label elements: Not applicable.

### 2.3 Other hazards

Not available.

## SECTION 3: COMPOSITION/INFORMATION ON INGREDIENTS

### 3.1 Substances

Not applicable.

### 3.2 Mixtures

Ethanol preparation of Hamamelids virginiana L. (Witch hazel).

|                    |                                 |
|--------------------|---------------------------------|
| Product name:      | Ethanol                         |
| IUPAC name:        | Ethanol                         |
| Synonyms:          | Ethyl alcohol                   |
|                    | Alcohol                         |
| N° CAS:            | 64-17-5                         |
| N° EC:             | 200-578-6                       |
| Molecular Formula: | C <sub>2</sub> H <sub>6</sub> O |
| Content:           | 35 – 50 % V/V %                 |

## SECTION 4: FIRST AID MEASURES

### 4.1 Description of first aid measures

|                     |                                                                                           |
|---------------------|-------------------------------------------------------------------------------------------|
| After inhalation:   | Fresh air. Consult doctor if feeling unwell.                                              |
| After skin contact: | Wash off with plenty of water.                                                            |
| After eye contact:  | Rinse out with plenty of water with the eyelid held wide open. Consult eye doctor.        |
| After ingestion:    | If victim is still conscious, make him drink plenty of water. Consult doctor immediately. |

### 4.2 Most important symptoms and effects, both acute and delayed

Irritant effects, euphoria, dizziness, inebriation, narcosis, respiratory paralysis.

### 4.3 Indication of any immediate medical attention and special treatment needed

Not available.

## SECTION 5: FIREFIGHTING MEASURES

### 5.1 Extinguishing media

|                                 |                                        |
|---------------------------------|----------------------------------------|
| Suitable extinguishing media:   | CO <sub>2</sub> , water, foam, powder. |
| Unsuitable extinguishing media: | Not available.                         |

### 5.2 Special hazards arising from the substance/mixture

Combustible material. Development of hazardous combustion gases and vapours possible in the event of fire.

### 5.3 Advice for firefighters

|                                |                                                                |
|--------------------------------|----------------------------------------------------------------|
| Surrounding fires:             | Remove container from danger zone and cool with water.         |
| Protection against fire:       | In the event of fire, wear self-contained breathing apparatus. |
| Hazardous combustion products: | Not available.                                                 |

## SECTION 6: ACCIDENTAL RELEASE MEASURES

# Material Safety Data Sheet

According to (EC) No 1907/2006 (REACH) and 1272/2008 (CLP)

## HAMAMELIDIS TINCTURA

### 6.1 Personal precautions, protective equipment and emergency procedures

#### For non-emergency personnel

Do not breathe vapours/aerosols. Wear protective clothing.

#### For emergency responders

Do not breathe vapours/aerosols. Wear protective clothing.

### 6.2 Environmental precautions

Do not empty into drains. Risk of explosion.

### 6.3 Methods and material for containment and cleaning up

Take up with liquid-absorbent material. Forward for disposal. Clean up affected area.

### 6.4 Reference to other sections

Not available.

## SECTION 7: HANDLING AND STORAGE

### 7.1 Precautions for safe handling

Precautions for safe handling: Observe label precautions.

Personal protection: Not available.

Technical protective measures: Not available.

Handling: Not available.

### 7.2 Conditions for safe storage, including any incompatibilities

Storage: In tightly closed containers.

Conditions for safe storage, including any incompatibilities: Tightly closed at a cool dark and dry place. (15 – 20 °C)

Containers in plastic should be avoided.

Storage – away from: Store protected from light. Keep container away from sources of ignition.

### 7.3 Specific end use(s)

Active Pharmaceutical Ingredient or Excipient

## SECTION 8: EXPOSURE CONTROLS/PERSONAL PROTECTION

### 8.1 Control parameters

|         |                    |                        |                        |
|---------|--------------------|------------------------|------------------------|
| Ethanol | Germany (TRGS 900) | 500 mL/m <sup>3</sup>  | 960 mg/m <sup>3</sup>  |
|         | USA (NIOSH)        | 1000 mL/m <sup>3</sup> | 1900 mg/m <sup>3</sup> |
|         | USA (OSHA)         | 1000 mL/m <sup>3</sup> | 1900 mg/m <sup>3</sup> |

#### Derived No Effect Level (DNEL)

Ethanol

|                          |                  |            |                        |
|--------------------------|------------------|------------|------------------------|
| Worker DNEL, acute       | Local effects    | inhalation | 1900 mg/m <sup>3</sup> |
| Worker DNEL, long-term   | Systemic effects | dermal     | 343 mg/kg Body weight  |
| Worker DNEL, long-term   | Systemic effects | inhalation | 950 mg/m <sup>3</sup>  |
| Consumer DNEL, acute     | Local effects    | inhalation | 950 mg/m <sup>3</sup>  |
| Consumer DNEL, long-term | Systemic effects | dermal     | 206 mg/kg Body weight  |
| Consumer DNEL, long-term | Systemic effects | inhalation | 114 mg/m <sup>3</sup>  |
| Consumer DNEL, long-term | Systemic effects | oral       | 87 mg/kg Body weight   |

#### Predicted No Effect Concentration (PNEC)

Ethanol

# Material Safety Data Sheet

According to (EC) No 1907/2006 (REACH) and 1272/2008 (CLP)

EN

FORM-06-14-01 (V00)

Page 4/9

Publication: 25/03/2022

## HAMAMELIDIS TINCTURA

|                                   |            |
|-----------------------------------|------------|
| PNEC Fresh water                  | 0.96 mg/L  |
| PNEC Marine water                 | 0.79 mg/L  |
| PNEC Fresh water sediment         | 3.6 mg/kg  |
| PNEC Soil                         | 0.63 mg/kg |
| PNEC Aquatic intermittent release | 2.75 mg/L  |
| PNEC Sewage treatment plant       | 580 mg/L   |
| PNEC oral                         | 720 mg/kg  |

### 8.2 Exposure controls

#### Appropriate engineering control

Industrial hygiene: Change contaminated clothing. Wash hands and face after working with substance. Under no circumstances eat or drink at workplace.

#### Individual protection measures

Eye/face protection: Required (EN 166).

Skin protection: Protective clothing should be selected specifically for the working place, depending on concentration and quantity of the hazardous substances handled. The resistance of the protective clothing to chemicals should be ascertained with the respective supplier.

|                  |                    |                    |                |
|------------------|--------------------|--------------------|----------------|
| Hand protection: | In full contact:   | Glove material:    | Butyl rubber   |
|                  |                    | Layer thickness:   | 0.7 mm         |
|                  |                    | Breakthrough time: | > 480 min      |
|                  | In splash contact: | Glove material:    | Nitrile rubber |
|                  |                    | Layer thickness:   | 0.4 mm         |
|                  |                    | Breakthrough time: | > 120 min      |

The protective gloves to be used must comply with the specifications of EC directive 89/686/EEC and the resultant standard EN 374 for example KCL 898 Butoject.

Additional reference: The data are based on own examinations, literature data and information from glove manufacturers or are derived by analogy reasoning from similar materials. It is to be noted that the daily life of a chemical protection glove can be clearly shorter in practice because of the many factors of influence (e.g. temperature, stretch etc.) than the permeation time determined after EN 374.

Respiratory protection: Required when dusts are generated, Filter A-(P2) (EN 141).

Thermal hazards: Not determined.

#### Environmental exposure control

Not available.

### SECTION 9: PHYSICAL AND CHEMICAL PROPERTIES

#### 9.1 Information on basic physical and chemical properties

|                         |                                 |
|-------------------------|---------------------------------|
| Appearance:             | Brown or greenish brown liquid. |
| Odour:                  | Aromatic.                       |
| Odour threshold:        | Not available.                  |
| pH:                     | About 4.5                       |
| Melting/freezing point: | Not available.                  |
| Initial boiling point:  | 84 °C                           |
| Boiling range:          | Not available.                  |

| Viscosity:                                    | Not available.                   |
| Explosive properties:                         | Not available.                   |
| Oxidising properties:                         | Not available.                   |

### 9.2 Other information

Density (20 °C): 0.900 – 1.000

## SECTION 10: STABILITY AND REACTIVITY

### 10.1 Reactivity

Vapours may form explosive mixture with air.

### 10.2 Chemical stability

Stable under standard ambient conditions (room temperature).

### 10.3 Possibility of hazardous reactions

Risk of ignition or formation of inflammable gases or vapours with: Alkali metals, alkali oxides, anhydrides, strong oxidizing agents.

### 10.4 Conditions to avoid

Strong heating.

### 10.5 Incompatible materials

Various plastics, rubber.

### 10.6 Hazardous decomposition products

Not available.

## SECTION 11: TOXICOLOGICAL INFORMATION

### 11.1 Information on toxicological effects

|                                |                  |                |                |
|--------------------------------|------------------|----------------|----------------|
| Acute toxicity:                | Ethanol          |                |                |
|                                | LD <sub>50</sub> | oral rat       | 6200 mg/kg     |
|                                | LD <sub>50</sub> | dermal rabbit  | > 20000 mg/kg  |
|                                | LC <sub>50</sub> | inhalation rat | > 8000 mg/L/4h |
| Skin corrosion/irritation:     | Not available.   |                |                |
| Serious eye damage/irritation: | Not available.   |                |                |

| Other:                                       | Systemic effects: euphoria.<br>After absorption of large quantities: dizziness, inebriation, narcosis, respiratory paralysis.<br>The product should be handled with the care usual when dealing with chemicals. |

### 11.2 Additional information on potential adverse human health effects and symptoms

|               |                                                                              |
|---------------|------------------------------------------------------------------------------|
| Eye contact:  | After eye contact: slight irritations.<br>Causes serious eye irritation.     |
| Skin contact: | Not available.                                                               |
| Inhalation:   | After inhalation of vapours: slight mucosal irritations. Risk of absorption. |
| Ingestion:    | After swallowing of large amounts: nausea and vomiting.                      |
| Aspiration:   | Not available.                                                               |

## SECTION 12: ECOLOGICAL INFORMATION

### 12.1 Toxicity

For this product no quantitative data available.

### 12.2 Persistence and degradability

Biodegradability Ethanol 94% OECD 301E

### 12.3 Bioaccumulative potential

Bioaccumulation is not expected ( $\log P$  (o/w) < 1).

### 12.4 Mobility in soil

Not available.

### 12.5 Results of PBT and vPvB assessment

PBT-/vPvB assessment not available as chemical safety assessment not required.

### 12.6 Other adverse effects

No ecological problems are to be expected when the product is handled and used with due care and attention.

## SECTION 13: DISPOSAL CONSIDERATIONS

### 13.1 Waste treatment methods

Contact a licensed professional waste disposal service to dispose of this material.  
Observe all federal, state and local environmental regulations.

## SECTION 14: TRANSPORT INFORMATION

### Transport information according to ADR/RID/IMDG/ICAO/IATA

#### 14.1 UN Number

# Material Safety Data Sheet

According to (EC) No 1907/2006 (REACH) and 1272/2008 (CLP)

EN

### 14.5 Environmental hazards

|                           |         |                                |
|---------------------------|---------|--------------------------------|
| ADR/ RID(Land),IMDG(Sea), | ADR/RID | Environmentally hazardous: No. |
| IATA/ICAO (Air) :         | IATA    | Environmentally hazardous: No. |

### 14.6 Special precautions for user

|         |                    |
|---------|--------------------|
| ADR/RID | Classification: F1 |
| IMDG    | EmS: F-E S-D       |

### 14.7 Transport in bulk according to annex II of Marpol and the IBC Code

Not available.

### 14.8 Additional transport information

The transport regulations are cited according to international regulations and in form applicable in Germany. Possible national deviations in other countries are not considered

## SECTION 15: REGULATORY INFORMATION

### 15.1 Safety, health and environmental regulations/legislation specific for the substance/mixture

Hazard symbol:

Flammable  
Irritant  
R10 Flammable.  
R36 Irritating to eyes.

Risk phrases:

Safety phrases:

S16 Keep away from sources of ignition – No smoking.

### 15.2 Chemical safety assessment

Not available.

## SECTION 16: OTHER INFORMATION

### 16.1 Changes since the previous version

Not applicable.

### 16.2 Abbreviations and acronyms used
